PRIVACY: FEAT makes every effort to protect the privacy of families. With this promise in mind, we do not allow anyone employed by a regional center, school district or who are in receipt of financial benefit from the provision of services to people with autism, to attend or participate in parents' only meetings. Parents who are employed by a regional center, DDS, a regional center related organization, school district, education related organization or other education agency or receive financial benefit from the provision of services to people with autism, must make a request to the FEAT Board for approval to attend parents' only meetings and functions and to participate in parents' only activities. If you are a parent who falls within this category, please send an email to the FEAT board through the FEAT website at www.feat.org to request one-to-one mentoring or to request consideration for a case-by-case exemption to our privacy practice.
